Laurie Anderson

Guest Speaker

Laurie Anderson '69 BC, '72 SOA is a writer, director, visual artist and vocalist who has created groundbreaking works that span the worlds of art, theater, experimental music, and technology. Her recording career, launched by 'O Superman' in 1981, includes the soundtrack to her feature film *Home of the Brave* (1986) and *Life on a String* (2001).

Anderson's live shows range from simple spoken word to elaborate multi-media stage performances such as *Songs and Stories for Moby Dick* (1999). In 2002, Anderson was appointed the first artist-in-residence of NASA which culminated in her 2004 touring solo performance *The End of the Moon*. In 2010 a retrospective of her visual and installation work opened in Sao Paulo, Brazil and later traveled to Rio de Janeiro.

Her film *Heart of a Dog* was chosen as an official selection of the 2015 Venice and Toronto Film Festivals. In the same year, her exhibition *Habeas Corpus* opened at the Park Avenue Armory to wide critical acclaim and in 2016 she was the recipient of Yoko Ono's Courage Award for the Arts for that project. Anderson lives in New York City. Anderson continues to tour her evolving performance *Language of the Future* and has collaborated with Christian McBride and Philip Glass on several projects in 2017.

Anderson continues to work with the activist group The Federation which she co-founded in 2017. In February of 2018 *Landfall*, a collaboration between Anderson and Kronos Quartet was released through Nonesuch Records. Commissioned by Kronos Quartet in 2013, the work was inspired by the devastating effects of Hurricane Sandy.

Most recently Anderson opened her largest solo exhibition at The Smithsonian's Hirshhorn Museum in Washington D.C. titled *The Weather* which is open through July 31, 2022. *The Weather* debuts more than a dozen new artworks, interspersed with select key works, including *Habeas Corpus* (2015), from her five-decade career. The exhibition guides visitors through an immersive audiovisual experience in the Museum's second-floor galleries, showcasing the artist's creative storytelling process through her work in video, performance, installation, painting, and other media.
