Work Experience

- USITT Training Ground, Las Vegas, NVMay 2025
- Received a three-day technical training intensive, attending Cirque Du Soleil production facilities including Mystère, "O", and KÀ, gaining hands-on experience in lighting.
 - Worked with ROBE Lighting, disassembling and reconstructing intelligent fixtures, reinforcing technical understanding and problem-solving skills.
- Stage Management Intern, Broadway at Music Circus, Sacramento, CAJune 2024 – Sept 2024
- Tracked props and monitored actor entrances/exits, ensuring assigned aisles were set for quick changes and scene transitions, developing strong organizational skills, attention to detail, and adaptability to meet the demands of a round theatre.
 - Shadowed the stage manager and assistant stage manager, learning professional communication, organizational practice, and leadership within a collaborative theatre environment.
- Theatre Technician, Veterans Memorial Theatre, Davis, CASept 2024 – Aug 2026
- Assisted with theatre administration, user training, safety procedures, and basic equipment operation.
 - Supported production logistics including mobile stage setup and strike, transportation and towing, lighting design, hang, focus, programming, and operation.
- Production Crew, Mondavi Center for the Performing Arts, Davis, CASept 2023 – Dec 2025
- Collaborated with production staff, visiting artists, touring productions and campus by assisting with lighting, audio, video, and scenic elements for performances and events.
 - Collaborated with union and non-union technicians to maintain safe workflow during rehearsals and live events.
- Assistant Lighting Technician, UC Davis Department of Theatre & Dance, Davis, CAApr 2023 – Aug 2026
- Assisted faculty, staff, and designers with necessary production requests. Performed routine maintenance on lighting instruments, cables, and accessories while supporting electrics prep, circuiting, and shop organization.
 - Repaired lighting equipment and trained fellow students in the handling and operation of theatrical lighting equipment.
